

Texas Children's Hospital

Food Allergy Program

5th Annual Food Allergy Symposium

EGG

MILK

SOY

WHEAT

Come network with area food allergy families and professionals!

The Food Allergy Program at Texas Children's Hospital is proud to educate the community about emerging therapies and new research initiatives. Experts will discuss the new Stock Epinephrine Bill, as well as practical coping strategies for children with established food allergies.

Featuring

- ★ Youth sessions for kids (age 6 and up) & teens
- ★ Photo booth & youth activities
- ★ Live cooking demos
- ★ Recognized national speakers
- ★ Interactive Q & A sessions with experts
